

# Mildred Mindell Cancer Foundation Inc.

Dear

You may have heard me speak about the Mildred Mindell Cancer Foundation (MMCF). Most likely, I've invited you to a fundraising event. I'm excited to share with you our newest platform designed to help us make a difference in the lives of Marylanders living with cancer. It's called the GEM PATRON PROJECT.

A **PATRON** is a **non-member** who wants to support MMCF in our endeavor to help those living with cancer. Money raised goes toward sending children to camp, purchasing infusion chairs, wigs, transportation vouchers, phone cards and supplies for art therapy. MMCF also contributes funding to help pay for needs and services not covered by insurance as well as providing videos, books and games for children receiving treatment. The best part of being a patron is that there is no obligation to join the organization or attend meetings although we would love to have you come to our special events. It's the thought that counts and every little bit helps.

Our Patron Project allows several levels of GEM giving:

\$50-\$74 Sapphire                      \$75-\$99 Emerald                      \$100+ Diamond

No one has gone untouched by cancer, whether it has been a family member, a friend or even yourself. This is your chance to pay it forward and show your support. Additionally, as a GEM PATRON you will be acknowledged in our annual Ad Book, which is a major fundraiser for us. The book consists of advertisements and acknowledgments by donors.

Please visit [Mildredmindellcancerfoundation.com](http://Mildredmindellcancerfoundation.com) to learn more about what we have planned for this year. We'd also like to hear from you regarding suggestions for future fundraisers or if you have any questions about MMCF. We're so proud that this is our 61<sup>st</sup> year helping people with cancer and their families. **PLEASE help us make a difference!**

Sincerely,
